## MISSION

Junior League of Charleston is an organization of women whose mission is to advance women's leadership for meaningful community impact through volunteer action, collaboration, and training.

## PROGRAM & IMPACT

The Junior League of Charleston is an organization of women whose mission is to advance women's leadership for meaningful community impact through volunteer action, collaboration, and training. As we move into our 103rd year in the Lowcountry we continue to search for the most critical needs in our community and to provide support to ensure sustainable resolutions are implemented through the effective action and leadership of trained volunteers.

Our storied history includes significant contributions to a variety of organizations through both partnerships and through the creation and implementation of our own "Signature Projects". The area of focus and impact is driven directly by the needs of our own community and how our trained volunteers can best offer resources and support.

Most notably, we have raised and awarded millions of dollars to meet local needs in areas ranging from education to child abuse to feeding the homeless. Additionally, in the past year, the Junior League of Charleston has effectively trained 1,000 women in our community. Separately, we are also pleased to share that since the launch of the Junior League of Charleston Diaper Bank in 2017, we have distributed over 1,000,000 diapers to community partners who have ensured that families experiencing diaper need have access to this critical resource for their young children.

The support of our community is imperative to ensure that we can continue to provide meaningful training opportunities and resources for women in our community and so that we can continue to fund projects with community partners and to fund our diaper bank. Currently, the Junior League of Charleston Diaper Bank is only able to fulfill 70% of our incoming requests and our goal is to meet 100% moving forward.

With your support, we can continue to aid our community by identifying the greatest areas of need and by offering meaningful and timely assistance.
